OBJECTIVE

Passionate Computer Science undergrad, graduating in 2026. Excited about web and Android development, and Machine Learning. Proficient in various programming languages, frameworks, and ML concepts. A team player, adaptable, and committed to growth. Ready to innovate in tech!

EDUCATION

Bachelor of Engineering in Computer Science, MVJ College of Engineering, Bengaluru, KA   Expected 2026
CGPA: 8.05 (First 2 semesters)
Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Management Systems, Machine Learning.

High School Certification in PCM, KC Gurukul Public School, Jammu, JK   2022
CGPA: 7.0

Secondary School Certification, KC Gurukul Public School, Jammu, JK   2020
CGPA: 9.2

SKILLS

Languages	C, C++, Java, Python, HTML, CSS, JavaScript, Kotlin
Frameworks	Bootstrap, Flutter, ReactJS
Tools	TensorFlow, Firebase, Git, GitHub
Soft Skills	Problem-solving, Teamwork, Adaptability, Communication

EXPERIENCE

ML & Android Team Member   Aug 2023 - Present
Google Developer Student Club, MVJCE, Bengaluru, KA

- Developed Android applications using Kotlin and Flutter.
- Trained ML models using TensorFlow, and explored ML integration with Android and web development.

Tech Team Moderator   Aug 2023 - Present
Software Development Club, MVJCE, Bengaluru, KA

- Managed the technical team and led the development of the Club's web portal.
- Explored ReactJS and cloud technologies to enhance web development processes.

PROJECTS

Netflix Homepage Clone   HTML, CSS
Developed a clone of Netflix's homepage to hone front-end development skills. Gained proficiency in CSS layout techniques and responsive design.

Task Manager Application   Kotlin, Firebase
Built an Android app for task management, utilizing Firebase for real-time data synchronization. The app supports task creation, updates, and deletions with a user-friendly interface.

SDC MVJCE Website   HTML, CSS, Bootstrap
Led the development of the Software Development Club's official website, incorporating responsive design and interactive features to enhance user engagement.

EXTRA-CURRICULAR ACTIVITIES

Theatre Actor Raaghbhinaya, MVJCE

Participated in various theatre productions, enhancing communication skills and teamwork.

Open-Source Contributor Self-Initiated

Contributed to open-source projects, focusing on improving code quality and adding new features.
